

# Industrial Plants

## Swift Plant

### Project

#### Client

Swift- Armour S.A.

#### Location

Villa Gobernador Gálvez  
Santa Fe Province,  
Argentina

#### Period

1989-1991

#### Participation

Skanska LA: 50%  
Benito Roggio e Hijos S.A.: 50%

Skanska LA (formerly SADE S.A.) has performed the construction, erection and start up of a large meat-processing industrial plant. The complete process cycle includes the slaughtering of the animals and the manufacturing, packing, cooking, freezing and storing of diverse products and by-products.

The facilities fulfill the health standards of the SENASA (Argentine National Service for the Agriculture and Food Health and Quality), the European Economic Community and the Agriculture Department of the United States. Skanska LA developed the whole engineering, including the basic and process engineering.

#### Technical Information:

Constructed area:	80.000 m <sup>2</sup>
Concrete volume:	34.000 m <sup>3</sup>
Power installed:	10.000 kW
Structures:	840 Tons
Man hours:	6.900.000 hh
Conductors:	800 km
